Northern Pacific..... to 4 Per Cent Is Unexpected-Improved Business Responsible for Atchison's Good Showing.

New York, Jan. 26.-There was only a limited market in stocks to-day, that is, in the sense that only a small number of shares were dealt in. The volume of dealings aggregated indeed but 222,000 shares, the smallest total seen in over a month. There did not, however, appear to be a limited market in the sense that the buying power there was not sufficient to absorb whatever stocks were

cient to absorb whatever stocks were offered. It was discovered early in the day that yesterday's liquidation or short selling movement was over and that the demand for stocks at yesterday's closing prices was considerably greater than the supply thereof.

If was considered, therefore, as of some importance, in view of yesterday's proceedings, that the "pounding" of the market had reduced prices but very slightly and the state of affairs in the first hour of business was strongly suggestive of that significant condition known as "dull at the decline."

Stronger Tendency Shown.

Stronger Tendency Shown.

It may be that the strength afterward shown by prices was due to some speculative taking of thought regarding this matter. At any rate, even if trans-actions fell off the market showed a

At any rate, even if transactions fell off the market showed a stronger tendency throughout the day and final prices represented pretty nearly a full recovery from yesterday's fall. In general financial comment the announcement this morning that the Bank of England had reduced its discount rate from 4½ per cent to 4 per cent was referred to as being unexpected. But it was apparent a week ago, when the bank reported a large increase in its proportion of reserves held against liabilities, that a reduction in its terms for financial accommodation was reasonably near at hand and that it was a matter for surprise rather than otherwise that the bank did not at that time lower its discount rate.

There was no further postponing such action to-day with an increase in the bank's gold and bullion holdings of \$5,500.

### Due to Improved Business.

In spite of the fact that the Atchison's great gain of \$1.70,000 in gross earnings for December reported yesterday was due to some extent to a decrease caused by exceptional reasons in the earnings for December, 1909, it still could not be figpred out that the enlargement in the Atchicon's revenues was due to any other cause than improving business pure

and simple. Furthermore, to-day the Southern Rail-way turned up with a statement of an increase in gross carnings for December of \$40,000, and an increase in net of \$10,500, the Missouri, Kansas, and

increase in gross earnings for December of \$10,000, and an increase in net of \$115,000, while the Missouri, Kansas, and Texas, for the third week of January, reported a gross increase of nearly \$71,000. It is conceded on all hands that business in the South just now is rather more prosperous, comparatively, than it is in any other part of the country, but it might as well be recognized that it will take far different railway earnings than the foregoing to induce people to sell railway stocks at their present price or to lead them to take a pessimistic view of business conditions in general.

Sierling exchange rates rose and fell to-day, although in no very lively manner, because of varying ideas as to the quantity of the New York City bonds offered at Tuesday's sale that was secured by foreigners. There was undoubtedly a considerable short interest in sterling bills in this market last week, based upon the presumption that foreigners would be large subscribers to the city bond issue, and that their remittances of money here in liquidation of these transactions would allow this short interest to be covered at a profit. But indications favor the probability that a smaller number of the bonds went to forindications favor the probability that a smaller number of the bonds went to for-leigners than had been calculated upon.

### NEW YORK MONEY.

New York, Jan. 26.—Money on call at the stock exchange to-day opened at 28 per cent, highest 25; lowest 23, closing at 28 per cent, highest 25; lowest 23, closing at 28 per cent. Most of the day's loans were made at 25 per cent. Most of the day's loans were made at 25 per cent. The six mentles money as affected with some freedom by brokers. ### BACK TO THE FARM.

Let us go back to the farm, my friend, back where the scents of the flowers ascend! We are both tired of the load of care, here in the town with its noise and glare! Let us go back to the farm, I say, wrestling around in a mow of hay. There we shall rise ere the break of dawn, pulling our frozen garments on; there we may wash at the horse's trough, trying to scour half the hayseed off. Let us, my friend, of the farm life think! Teaching the boneheaded calves to drink, carrying swill to a million sows, squeezing the milk from a million cows, crawling around 'neath the cattle shed, hunting for eggs that are old and dead! Let us go back to the farm, by James! Weary are we of these city games! Weary of smoking Key West cigars, weary of riding in motor cars, tried of the bath and the linen shirt, longing for cockleburrs, pigs, and dirt. Let us go back by the farm, by jings! Back where the riotous WALT MASON.

## CENTRAL FAVORITE IN THE G.W.U. MEET

### Are Picked to Win Scholastic Honors Again.

The long-expected entries from Central and Technical track squads for the George Washington annual indoor meet in Convention Hall, February 4, reaches in Convention Hall, February 4, reaches in Convention Hall, February 4, reaches time. The Tech athletes asked for another day before completing their entries, and while the bulk of them are in, Coach Jimmy Mulligan has about ten more promising youngsters he wants to try out.

| Coach Jimmy Mulligan has about ten more promising youngsters he wants to try out. | Sixth Rack One | Sixth Rack

men, with such stars as Fritz Reuter and George Hamilton in the dashes, It is predicted by close followers of high school athletics that old Central will again show a clean pair of heels to the other schoolboy entrants.

Coach Foley has so entered his men that the O streeters present a classy squad in nearly every event on the programme, including the shot-put and high jump. Central will not enter a relay team, so the race for honors in this feature will lie between Western, Business, and Tech. with the Stenograph-

Business, and Tech, with the Stenographers the favorite.
Tech's relay team was selected by Coach Mulligan yesterday. They are E. W. Thrail, M. W. Offut, W. L. Fitzpatrick, C. C. Echendorf, and L. A. Fraxier. In addition, Tech has a midget relay which will be matched with similar teams from Western and Friends school.

The officials for the meet have not all been selected as yet, but it is announced that Mr. Emery Wilson, principal of Central High School, will referee, and this fact alone assures the patrons that the events will be run off with precision and dispatch.

mond College relay team, it has been decided to match the Southerners with St. John's and the Maryland Aggles, and

this race alone should prove a thrillar.

The proposed roller skate race between
Carroll Donnelly and Jack Woodworth
will be the last event on the programme,
and as the boys are to fight for the
Southern championship title, the for is Manager Keats states that the entry

list will be nearly as large as last year, when more than 400 athletes competed for prizes. Tickets are on sale at White's sporting

### Olympins Are Rendy.

The Olympia Athletic Club will hold meeting Sunday for the annual election of officers. The men now presid-ing will in all probability be re-elected. With three successful seasons to their credit, the clubmen look forward to an-

michael Tasso was chosen president, Jo-seph Gerardi vice president, and January Vita secretary and treasurer. The club expects to put a fast baseball team on
